

**House of Student Representatives
108th Session
Texas Christian University**

Introduced By:
Landon Bonadiman
Brandon Fox
Bella Pantoja

H.R. 108-07

Introduced:
February 8th 2022

Action Taken: Passed 87.5%

“A Resolution to Encourage Physical Plant to Revisit the Installation of a Disc Golf Course at TCU”

Whereas: In 2007, the TCU House of Student Representatives and TCU Campus Recreation worked collaboratively to act on an expressed student interest to invest in the creation of a disc golf course at TCU, and

Whereas: H.B. 94-7 allocated \$12,000 from the SGA reserve fund for this project, and

Whereas: Following the passage of H.B. 94-7, TCU did not ultimately purchase and install the materials needed for the course, and

Whereas: Since the bill passed in 2007, no action has been taken from SGA while the makeup of the University has changed dramatically; therefore,

Let it be resolved by the House of Student Representatives at Texas Christian University:

- (1) That TCU Campus Recreation and the TCU Physical Plant revisit the idea of creating a disc golf course at TCU.
- (2) Campus Recreation report back to SGA on the feasibility and cost of this project in the event SGA can provide further advocacy and resources.
